BISLEY

Think it. Click it. Love it.

BOB®, by Bisley is the beautifully hand-crafted, magnetic, modular storage and display system that lets you click, twist and re-think your space.

Combining high-quality plywood with beautifully exposed edges and a range of steel accessories, BOB® is a stunning addition to your home or workplace.

The vision of award-winning designer Paul Kelly, in collaboration with Bisley's unrivalled storage expertise, BOB® is an effortlessly changeable design that will transform the way you think about storage.

Perfect for storage, display and subtle space division, BOB® is secured together using a self adjusting magnetic system; strong enough to click and hold everything together, soft enough to move with a simple twist.

If you can think it, BOB® can help you create it.

Features

Designed and built using high-quality, durable plywood, with beautifully exposed, raw plywood edges.

Secured together with a magnetic system.

Available in classic white.

Hand finished with care and precision.

Push to open doors and drawers.

Available in eleven reconfigurable kits with seven single unit add ons.

Steel liners available in full or half sizes and 34 paint options.

No self-assembly required.

Minimum two-year guarantee.

Made in the UK.

Benefits

Reconfigurable - effortlessly switch BOB to suit your space and click it into place with the simple magnetic system.

Dual-facing - with magnets in four sides, you can twist BOB® units to suit your storage needs.

Flawlessly clean - finished in classic white with beautifully exposed plywood edges, BOB is a timeless design.

Adaptable - create countless configurations with BOB and grow your collection with seven additional single units available, plus a range of steel accessories.

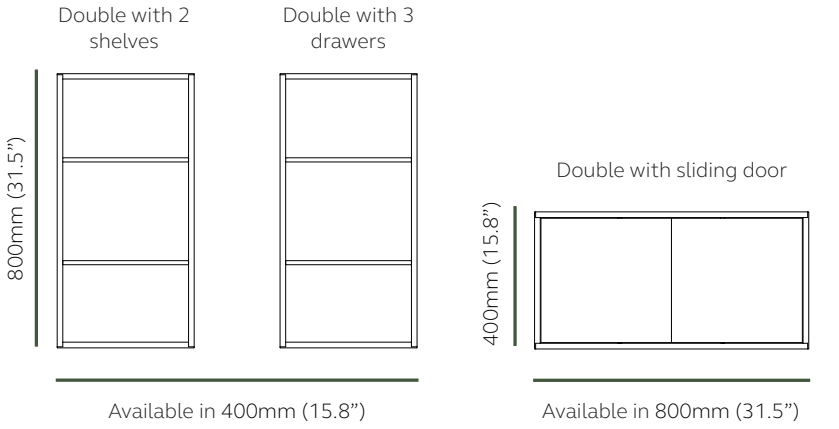
Versatile - smart and simple, BOB® is a beautiful addition to the home or office.

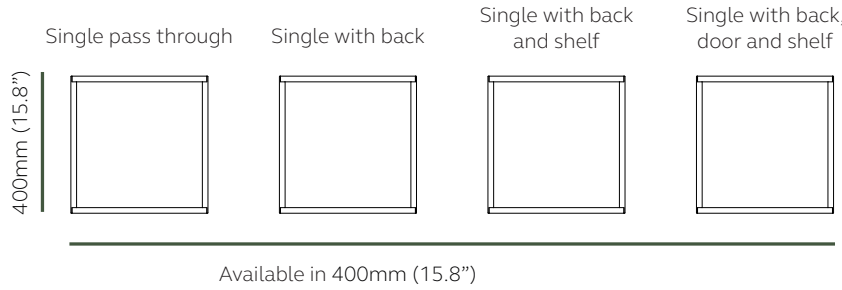
Precision - each unit is hand finished to Bisley's exacting standards.

Easy - each unit arrives fully assembled ready to click into place.

Range Overview

BOB® is 380mm (13”) deep.





BOB® kit examples

With a choice of small, medium and large kits, BOB® will arrive fully assembled so you can click it into place right away.

BOB® can also grow as you do. Add any of the seven extra units, available to purchase separately, which will perfectly fit into your existing design.

Accessories
BOB steel liners are available in the Vision paint palette.
BOB steel plinth is available in white only.

Safety guidance:

- Take care when lifting and stacking units.
- Use with caution, product contains strong magnets.
- Make sure your BOB is on a flat surface.
- Only sit on single units with a back panel.
- Do not stack any higher than 1600mm (63”) high (four single BOB units high).
- Do not exceed the maximum weight load capacity of the drawers and shelves (8kg).
- Do not stack your three-drawer unit on top of any other BOB units.
- Do not sit on double or pass-through units.
- Do not lift double units alone.
- Do not use excessive amounts of liquid to clean your BOB.
