

# Glide

## Specification

**BISLEY**

This innovative unit combines clean, unbroken lines with thoughtful details that ensure the sliding doors really do glide.

Our high-quality, sliding door storage system is an ideal, space-saving solution for open-plan work environments. You can choose bespoke timber tops, backs and end-cladding, and we can provide a comprehensive range of optional internal fittings, including roll-out filing frames and drawers. Door options include plain, perforated and acoustic dampening - which better absorbs noise from the hustle and bustle of a busy office. Glide particularly complements our LateralFile products, but fits well with all of our ranges.

# Features

Select from 34 steel paint colours.

Door slides lightly, precisely, and quietly.

Full width of the unit is available as storage.

No applied backs – 470mm depth as standard.

Optional perforated and foam-filled doors for acoustic damping.

Option to clad in bespoke OEM panels.

Adjustable shelving.

Standard internals finished in black, with option to customise.

Configures with LateralFile and SystemFile.

Minimum ten-year guarantee.

Made in the UK.

## Benefits

**Customisable** – Available in 6 widths and 4 heights, with this offering Glide is ideal for a number of purposes from desk end, standing height islands and positioned against the wall.

**Acoustic Damping** – with the option of perforated or foam-filled doors for acoustic damping helping absorb the noise from the hustle and bustle of a busy work environment.

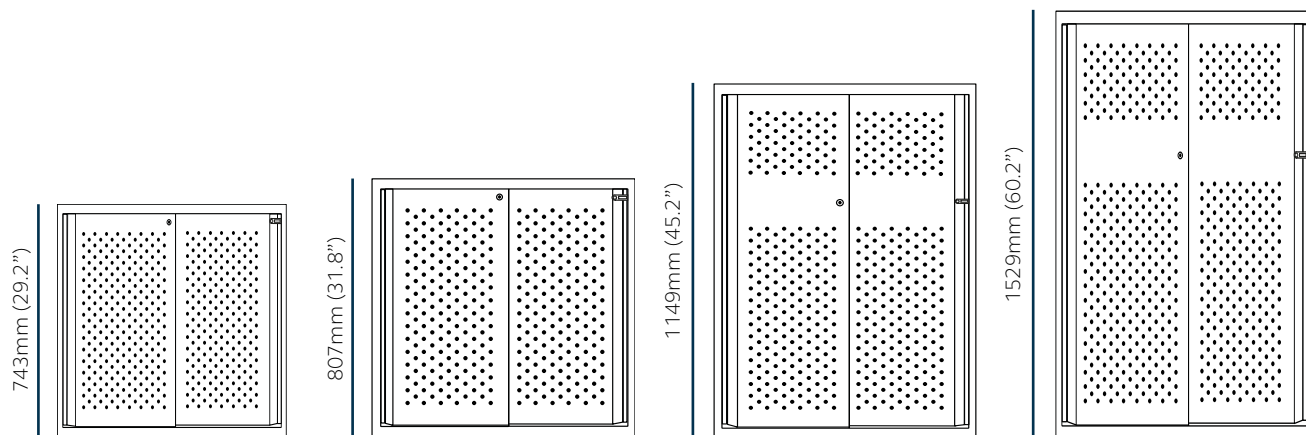

**Colourful** - with a broad range of colours available, you can add a splash of colour to your workplace or reflect a brand's colours.

**Organised** – Adjustable shelving allows you to organise your belongings the way you like and enjoy an efficient and clutter free environment.

**Compatible** – Glide is built to configure with our Lateral-File and SystemFile range, it can fit right in.

# Range Overview
