

Our business is backed by electricity generated from renewable sources

We certify that F C Brown (Steel Equipment) Limited

Has 100% of it's electricity backed by UK REGOs or European GoOs, from a blend of sources including hydro, wind, solar, biomass and landfill gas.

Matt Nunn
Director of EDF Business Solutions

Renewable for Business

All source certification meets GHG Protocol Scope 2-Guidance Quality Criteria. This is not a REGO certificate. REGO certificates are held by energy suppliers for Fuel Mix Disclosure. The zero-carbon electricity that we buy for Zero Carbon or Renewable tariffs and products is supplied into the National Grid. Customers receive that electricity through the National Grid, not directly from zero carbon generators.
