Gender Pay Gap Reporting

As an employer of over 250 people, we have been required by law to carry out Gender Pay Gap Reporting under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017 - effective from 4th April 2018.

The Gender Pay Gap Reporting involves carrying out 6 calculations (see below) that show the difference between the average earnings of men and women in our organisation, but does not include the publishing of individual employees' data. We have established this information using our existing payroll records.

We are required to publish the results for year ended 5th April 2018 on our own website and the Government's online reporting service by 5th April 2018.

Should you have any queries regarding the data, please do not hesitate to contact David Botterill, Finance Director.
